

## DECLARATION OF CONFORMITY

**Manufacturer:** Rodby Innovation AB  
Hagby 254  
740 20 Vänge  
Sweden

**Product:** Rodby RL 1602E, RL 2000E control panel with inverter and RFI-filter.

We herewith declare that the product above fulfils the requirements of the following directive(s) and standards, when used on a sinusoidal mains supply, in accordance with the nameplate data:

- Medical Devices Directive 93/42/EEC (Swedish Medical Products Agency, LVFS 2003:11).
- Low Voltage Directive 73/23/EEC of 19<sup>th</sup> February 1973, modified by Directive 93/68/EEC of 22<sup>nd</sup> July 1993.
  - By complying with relevant parts of harmonised standard SS-EN 60 204-1.
- EMC Directive 89/336/EEC modified by 92/31/EC, 93/68/EEC and 2004/108/EC,
  - When connected to a sinusoidal mains supply in accordance with SS-EN 61000-6-2 and SS-EN 61000-6-4.

The incorporated components apply to adequate international regulations concerning electric material.

The Treadmill is manufactured according to the following directives:

- 2001/95EC, EN 500081-1, EN 60601-1-1-2, EN 50082-2.

Technical documentation is filed by Rodby Innovation AB and available by request from the authorities of the member states in EU/EES.

Assembly, installation, maintenance and operation must follow the instructions in the manual supplied by the manufacturer and according to valid Regulations for Electrical Installations.
